

# Company Update, 2020-2022

While orders coming in are consistently high, we have a number of unpaid invoices.

In fact, in the last 2 years, \$769.9M have been unpaid, over 50% of our orders and revenue.

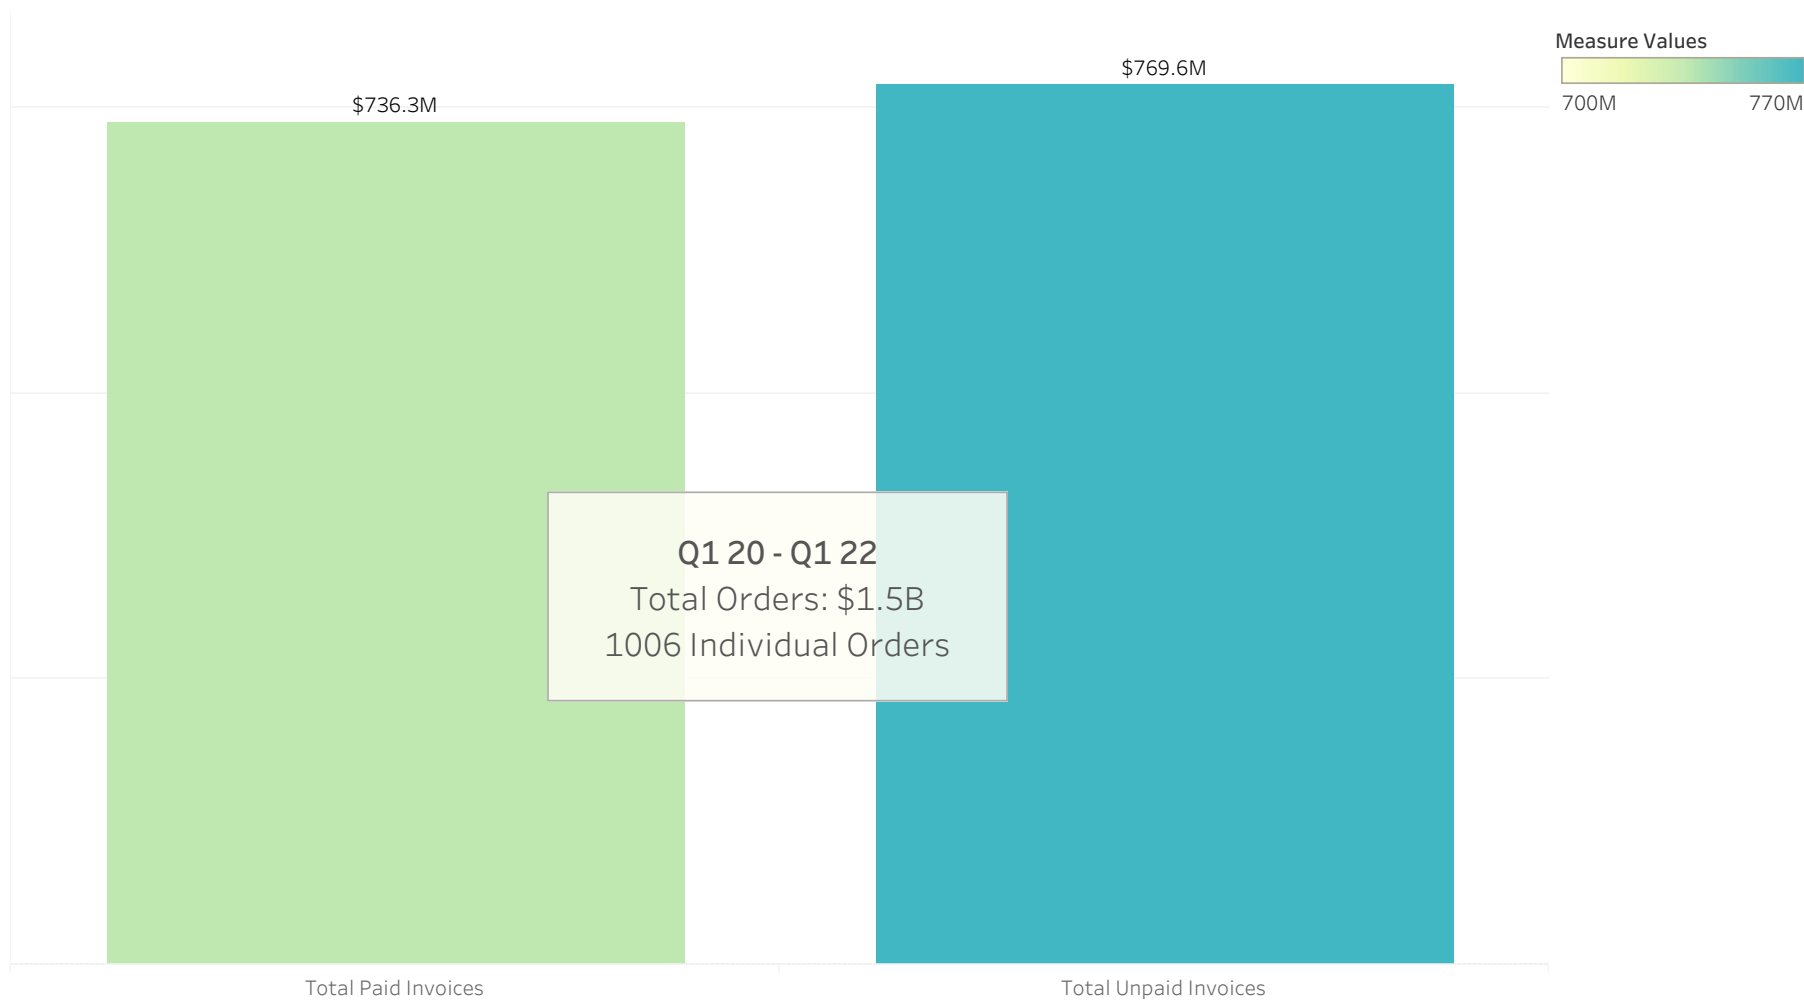

Accurate contacts can help reduce unpaid invoices, as well as building personal relationships with clients.

We average 167.3M per quarter. Our clients love the product! Better invoicing and contact records will boost revenue dramatically.
